Intention of Keefe and

Cleveland.

(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., Jan. 23.—Further tes-
timony of the operators' side of the
controversy in the Eastern Ohio coal
field, where 15,000 miners have been
on strike since the first of April, last,
will be heard today by Daniel J. Keefe
and Hywell Davies, federal conciliators
appointed by Secretary of Labor
Wilson. The two conciliators arrived
here late yesterday from Chicago,
where on Thursday they conferred
with John P. White, international
president of the miners, Wm. Green,
international secretary, and John
Moore, president of the Ohio organiza-
tion of the miners.

"After getting the miners' side of
the strike controversy from Presidents
White and Moore and Secretary Green,
in Chicago, we wanted to deal fairly
with the operators, so we came here
to confer again with them," said Mr.
Davies, before he went into conference
today with Walter R. Woodford, pres-
ident of the Ohio Operators' Associa-
tion and several other owners of
mines in the strike zone.

While he declined to say what in-
formation was received from the
miners officials at the Chicago confer-
ence, Mr. Davies said "the conference
was highly satisfactory and the fact
that we came here to hear the op-
erators, indicates that we consider
that we are making progress."

"Just when the investigation will be
concluded or where the conciliators
will go after completing their hearing
here, Mr. Davies said he did not know.
"We will go wherever we think we
can get any information that will be
of assistance to us in our official
capacity," he added. It has not been
decided whether they will return to
Wheeling to confer with members of
the boards of trade of that city,
Davies said.

Messrs. Davies and Keefe last week
conferred with coal operators in
Wheeling and with officials of the Ohio
miners organization at Columbus.

Mr. Davies said he had no idea when
he and Mr. Keefe would complete their
investigation and report to Sec-
retary of Labor Wilson.

"We may go to Washington to re-
port in a few days and again we may
not complete our investigation for a
week or more," Davies said.

After a three hours' conference
adjournment was taken until Mon-
day. At that time the conciliators
will again hear operators' repre-
sentatives.

Whether much progress was made
at today's session was not officially
announced but the fact that mem-
bers of the operators' organization
who compose a committee in whose
hands plans for the organization's
action were entrusted conferred with
the conciliators today, it was said,
indicated that some plan might be
worked out which will assist the
mediators materially in their efforts
to bring about a settlement.

District Federation, Before
Adjournment, Hears De-
cided Views of An 'Anti,'
Who is Also An Enthusi-
astic Believer In Literary
Work As the Proper Aim
of Clubs.

The annual district meeting of the
southeast district of the Federation
of Women's clubs adjourned with the
Friday afternoon session.

On Friday afternoon a large num-
ber of women assembled in the First
Presbyterian church to hear the ex-
cellent addresses which were deliv-
ered. The program opened with a vo-
cal solo by Mrs. C. W. Miller, and she
was followed on the program by Mrs.
Della Connette Hixon of Cambridge,
who read a paper on "The Value of
Club Work and Federation." Mrs.
Hixon appraised her subject, treat-
ing with the club, the club woman,
and the federation of the clubs. The
speaker said the club was the meeting
ground, which gave opportunity for
woman and where she could receive
her inspiration to higher ideals. "This
is my ideal of a club woman," said
Mrs. Hixon. "She must be trust-
worthy, responsible, loyal, possess ex-
ecutive ability and have abounding
charity, also another attribute must
be stability." The speaker then spoke
in detail of the ideal club woman and
later took up the federation, giving as
its definition "To live and help others
live," or "to help and be helped."

She said the federating of the clubs
was the joining of forces for the pur-
pose of mutual benefit and it was a
saving of time, effort and bitter ex-
perience. Mrs. Hixon concluded her
talk by saying that the club was to
women, what the federation is to the
club.

Miss Alice Bennett of Chillicothe,
talked on "The Value of the Literary
Club." Miss Bennett said she was a
bit old fashioned, but she bitterly de-
nounced the prevailing effort to do
away with the literary club and said
she had often heard the phrase, "it is
passing away," which she said was
not true. "A literary club, like beauty,
is its own excuse," said Miss Bennett
and continued that literary was meant
in its broadest sense, for it in-
cluded, music, art and good books.
"In fact anything not civic," said the
speaker, who seemed a bit exasperated
that most clubs only discussed "the
trash can, the ash can, the garbage
can, the best patented fly traps, and
the filth of a town," and she did not
seem to think that there was much
inspiration to higher ideals in those
questions. "Our literary club is a
stimulus to the mind, it is a friendly,
harmonious club, and politics and re-
ligion are barred. Make your club lit-
erary—if you wish to go in for civic
work, join a civic club, if you want to
talk suffrage join tip suffragists. I
am an anti-suffragist, but you all have
the right to your own convictions."

Miss Mary Trainer of Steubenville
gave two readings, the first a pathetic
little story brought tears to the eyes
of many of the audience and this she
followed with a bit of comedy.

Miss Anna B. Johnson of Spring-
field, president of the Ohio Federation
of Women's clubs, gave her address on
"The Ohio Federation and the Child,"
and it was a beautifully constructed

A Mid-Winter, Not a Mid-Summer, Scene.

This is not a mid-summer scene at Coney Island nor any other northern summer resort. The photograph was taken in January, and shows a section of an enormous crowd in bathing at a mid-winter resort of the south. The white foam showing is not snow, it is just the foam of the old ocean from waves as warm as the water of a pond in the hot summer. It is a picture to be studied by those persons who are now living in temperatures of zero or forty below that, for a good part of the northern section of the United States has experienced zero weather. In fact, the day the photograph was taken the thermometer in some parts of the United States was twenty below zero.

Two American Steamers Sail For
Germany, Inviting Capture, to Test
Britain's Assumed Right of Seizure

(ASSOCIATED PRESS TELEGRAM)
Washington, Jan. 23.—Two steam-
ers flying the American flag soon will
be at sea, each bound for Germany,
and each sailing with the avowed
purpose of testing the right of the
British government to interfere, under
certain conditions with American
shipping.

The Dacia, cotton laden from Gal-
veston, waiting moderation in the
weather to up-anchor, will determine
the question of giving American
registry to a German vessel, and the
voyage of the Wilhelmina from New
York last night for Hamburg with
American foodstuffs will decide, it is
expected, whether Great Britain can
stop American vessels from carrying
to Germany American goods destined
for consumption by the civilian and
not the military population of that
country.

The Dacia, a German steamer, took
the question of giving American
registry to a German vessel, and the
voyage of the Wilhelmina from New
York last night for Hamburg with
American foodstuffs will decide, it is
expected, whether Great Britain can
stop American vessels from carrying
to Germany American goods destined
for consumption by the civilian and
not the military population of that
country.

While the two steamers were
awaiting their departure, the British
government says it will stop her and test the case before a
prize court. Great Britain has said
nothing as to her course in the case
of the Wilhelmina. This steamer
passed a British cruiser just outside
New York harbor last night and was
not molested. She may of course be
held up when she reaches the other
side and tries to enter a German port.

New York, Jan. 23.—Harry K.
Thaw is expected to arrive in New
York from Manchester tonight. He
is to be taken immediately to the
Tomb. William T. Jerome and
Sheriff Fred C. Hornbeck of Dutch-
ess county left here last night for
Concord, N. H.

Before Mr. Jerome started for
New Hampshire, Mrs. Mary Copley
Thaw, the prisoner's mother, arrived
here. She will remain in New York
until the end of the conspiracy trial.
There will be no opportunity to ar-
raign Thaw before Monday morn-
ing, when Justice Davis opens the
criminal term of the Supreme court.
At that time, it is understood, his
lawyers will ask that he be released
on bail. They are prepared to fur-
nish any amount up to \$100,000. Mr.
Jerome will oppose bail at any
amount and probably Thaw will re-
main in the Tomb until after the
proceedings.

LAST LEGAL RESOURCE
HAD BEEN EXHAUSTED.

(ASSOCIATED PRESS TELEGRAM)
Concord, N. H., Jan. 23.—Harry
K. Thaw's prolonged stay in New
Hampshire drew to a close today. His
last legal resource to prevent extra-
dition to New York exhausted, he is
expected to be taken to New York City
tonight. It was believed that the
court proceedings here would be
brief and that the New York offi-
cials, with their prisoner, would
leave by an afternoon train.

William T. Jerome and his party,
special prosecutor in the case, arrived
at 10 o'clock. They expected, if the
court proceedings were not de-
layed, to return to New York by way
of Boston, ending their journey at
10:40 o'clock tonight.

The formalities which made ef-
fective more than sixteen months of
legal effort by the New York au-
thorities, occupied less than five
minutes.

In that time Thaw's legal status
underwent three changes. He was
arraigned before Judge Edgar Ald-
rich, of the United States district
court as a federal prisoner. By or-
der of the court Thaw was surren-
dered to the state of New Hamp-
shire, and finally, on the presenta-
tion of the New York warrant for his
arrest as a fugitive from justice,
which was accompanied by Governor
Feltner's order for his extradition, he
was given into the custody of Sheriff

Washington, Jan. 23.—State de-
partment officials today expressed
hope that congress would promptly
pass a bill, introduced by Represen-
tative Kahn of California, or a sim-
ilar measure, which would "prohibit
the importation into the United
States of any goods, wares, or mer-
chandise the property of Americans
and other foreigners in Mexico,
which have been confiscated by Mex-
ican authorities."

It was pointed out that such a
measure would prevent most of the
confiscations from foreigners of cot-
ton, copper, gold and silver, bullion,
horses, rubber and so on, which the
Mexicans have been selling the articles and se-
curing American gold to continue
their campaigns.

While there were no definite
figures to show exactly what these
confiscations from Americans, Span-
iards and other foreigners have
amounted to, it was declared that
they have mounted up into the mil-
lions—possibly \$100,000,000 or more.
The Pachaca Mining company, a
Spanish concern, protested to the de-
partment from Vera Cruz recently,
when bullion, said to be worth more
than \$100,000, was shipped to New
York, addressed to a Carranza agent
here. Almost daily complaints are
made to the department by Ameri-
cans whose property has been con-
fiscated.

The Kahn bill would prohibit the
importation into this country of such
goods, "unless the collector of cus-
toms at the port of entry, is furnish-
ed with a complete inventory, ac-
companied by the affidavit of the
shipper showing the ownership of the
property and the particular lo-
cality from which it was shipped."

ment of the actual condition of clean-
ing house business and trust com-
panies for the week, show that they

of legal requirements. This is an
increase of \$7,951,780 over last
week.

AUSTRIAN PREMIER RESIGNS.

Rome, Jan. 23.—(via London)—
Count Karl Smergh, the Austrian
premier, has resigned, according to
a dispatch to the Messagero from
Vienna. The count probably will be
succeeded, the dispatch says, by Dr.
L. von Bilinski, the Austro-Hungar-
ian minister of finance.

Columbus, O., Jan. 23.—While
eastern Ohio was promised more
snow tonight, yesterday's storm had
abated generally today, and a cold
wave that would hold the entire
state in its grip was headed in this
direction.

The snowfall for the past 24
hours finishing this morning at 7
o'clock, was 6.10 inches, the total
fall for the storm being 7 inches.
The fall in Ohio was exceeded by that
of Indiana, where it was from 8 to
10 inches.

The minimum temperature last
night was 2 above zero. At one
time it was as high as 36. The drop
tonight is expected to be about 10
above zero.

The cold was reported moving
southward this morning, Toledo re-
porting 16 above at 7 a. m., while
Columbus was still 22 above. Chil-
cago reported 4 above, St. Louis, 2
above, Keokuk, Ia., 20 below zero,
and central Nebraska, 22 below zero,
the coldest reported. Parkersburg
reported 26 above at 7 a. m., and
Pittsburg, 40 above.

CLEVELAND IN GRIP
OF HEAVY SNOWSTORM

(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., Jan. 23.—Snow,
which has been falling almost con-
tinuously for the past 48 hours, con-
tinued early today, and Cleveland
was in the grip of the worst storm of
the winter. Steam and electric traf-
fic was interfered with and telephone
and telegraph communication was
somewhat impaired. More snow is
expected today and the local weather
forecaster predicts zero weather will
follow.

TRANSCRIPTS ARE
BEING PREPARED
FOR BOND ISSUE.

Clerk Woodward of the city coun-
cil is busy with a score of trans-
cripts of street improvement legis-
lation in council, which must be sub-
mitted to the bond buyers before
they accept the bond issue purchas-
ed. The issue for which the trans-
cripts are now being prepared in-
cludes more than twenty street im-
provements in different parts of
town. Spitzer Rorick & Co., of To-
ledo bought the entire issue of \$58-
000. The legislation for these im-
provements goes back several years
and the transcripts must show each
action taken by council.

(ASSOCIATED PRESS TELEGRAM)
London, Jan. 23.—Although the
reports of a Zeppelin raid on Eng-
land last night are this morning
seen to have been false, there has
been a striking renewal of aerial ac-
tivity on the continent. The Ger-
mans have raided Dunkirk in force,
and British airmen launched an at-
tack upon Bruges.

The German raid on Dunkirk re-
sulted in considerable loss of life
and damage to property. One ac-
count says ten aeroplanes took part
in it. British aeroplanes assumed
the defensive and succeeded in bring-
ing down one of the visitors. This
method of defense is regarded by
English experts as more likely to
prove effective than the anti-air
craft guns with which the defenses
of Dunkirk bristle. It is believed
here that the British raid on Bruges
will be followed up by other at-
tacks, as the Bruges docks are the
head of the Zebrugge canal system
which the Germans are using for the
transportation of men, munitions and
even heavy artillery.

Air raids are not the only indica-
tion of renewed activity in the west-
ern arena of the war. The Germans
are massing troops in the neighbor-
hood of La Bassee, evidently in
preparation for a new struggle be-
tween Ypres and Courtaul, and the al-
lies are further strengthening their
forces all along the lines in northern
France and in Flanders. For the
past twenty-four hours it has been
give and take, each side admitting

minor reverses offset by minor suc-
cesses.

The tenseness of the situation be-
tween Greece and Turkey has been
further relieved by the release on the
part of the port of a Greek officer
who for some time past has been im-
prisoned at Constantinople. Russian
sources send a report of the sup-
pression of a serious mutiny in the
Turkish army accompanied by the
execution of seventeen prominent
Turkish officers.

The only new development on the
Russian front is the advance from
Lake Skempe through the forests to-
ward Lipo which is an important
junction on the roads from the Vis-
tula region northward into East
Prussia.

Conferences between Austrian and
German leaders as to the future con-
duct of the war against Russia and
Serbia are probably beginning today
in Germany. Baron Burian, the
Austro-Hungarian minister of for-
eign affairs, before leaving Vienna
for Germany was closeted for a long
time with Emperor Francis Joseph
and Count Tisa, the Hungarian
premier, both of whom are describ-
ed as seriously concerned over the
sealing up of Hungary by Russian
forces from the north, the south and
the east. The case of the British
merchant steamer Durward, sunk by
a German submarine, continues to
occupy British public attention and
the feeling that this is the begin-
ning of submarine activity against
British commerce is reflected in the
orders sent to two British steamers
not to sail from the Hook of Holland
until further orders.

Thirty-Two Deputy Sheriffs
Face Charge of Murdering
Two Strikers at Roosevelt

(ASSOCIATED PRESS TELEGRAM)
New Brunswick, N. J., Jan. 23.—
Thirty-two deputy sheriffs of Middle-
sex county employed by a private de-
tective agency to guard the fertilizer
plant of the American Agricultural
Chemical company at Roosevelt, N. J.,
spent the night in the county jail here
and faced arraignment today on
charges of murder. The deputies, it
is alleged, all participated in the
shooting at Roosevelt last Tuesday in
which 19 strikers were wounded, two
of them dying of their wounds.

The imprisoned deputies faced the
prospect of staying in jail at least
two weeks before the grand jury could
pass on the charges. In the event of
indictments being returned, the com-

ty prosecutor said, they will be tried
as quickly as possible.

The deputies were arrested at
Roosevelt last night, where they were
guarding the company's two plants,
by 21 uniformed policemen under
Prosecutor Florence's command and
brought here in automobiles.

All together 34 warrants have been
issued in connection with the shoot-
ing. Of these 22 charge the deputies
with manslaughter. On this charge the
men were arraigned several days ago
and released in \$2,000 bond each. They
then returned to their posts at Roose-
velt. The entire 22, it was said, were
among the number arrested on mur-
der charges last night.

So far as is known, there have never
been before in the history of the state
so many arrests on murder charges of
men involved in a single case.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids

Kidney and Bladder weakness result from uric acid says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink, which quickly relieves bladder trouble.

Modern Woodmen.

Cedar Camp, No. 427, M. W. of A., met in regular session on Wednesday night with a fair representation of the members present. Considerable regular routine business was transacted. The committee appointed to act with the Royal Neighbors in holding an open meeting reported that the date had been set for February 25, and that a good program had been arranged, and that the meeting would be open to all Modern Woodmen and Royal Neighbors. The officers for the year 1915 were installed as follows:

Post, consul, A. S. Mitchell; adviser, George W. Batus; clerk, J. C. Richardson; watchman, J. L. Lafey; consul, Ward B. Howell; banker, H. O. Crawford; escort, A. E. Dillide; sentry, J. H. Haines; manager, Frank R. Shide.

Cedar Camp has closed a very prosperous year, and expect to make the year 1915 even better.

The Forester team will give another of their internal dances at the M. W. of A. hall on Tuesday night, January 26, which is by invitation only, and any neighbor can get an invitation by calling at the clerk's office or to any member of the team. No admission fee is charged, but no member will be admitted without an invitation. The deputies of the camp have arranged to have another class adoption on Wednesday night, February 10, and are working hard to have a nice class for this night. A lunch will be served and the members are requested to be present on this night. Don't forget the date and try to be present on February 10, and have a candidate present. Remember, the offer which was adopted some time ago, to every member who secures the adoption of a new member that you receive the sum of \$2.50, and if you only secure one a month it will be something in your pocket. Get busy and see how many candidates you can secure for this class.

Olive Branch Lodge, No. 34, met in regular session, Tuesday evening, January 19, with a good attendance, considerable business was transacted, after which District Deputy Grand Master W. F. Smith, examined and installed the following officers:

N. G. Fred A. Schneider; V. G. Willis Smith; recording secretary, Fred Atherton; financial secretary, George A. Weakley; treasurer, W. F. Smith; R. S. to N. G. George Christman; L. S. to N. G. Milton Tavenor; R. S. to N. G. B. V. Weakley; P. S. to V. G. W. N. Holler; chaplain, Andrew Fry; warden, Edward Moran; conductor, W. H. Mercer; R. S. S. R. S. Jennings; L. S. S. W. Persinger; O. G. Elmer Sparks; I. G. Fred Waule; trustees, Henry Siegel.

After the installation our new president officer made a few interesting remarks of what he expected of the officers and members during his term of office. On next Tuesday evening, January 26, is the regular night for the third degree. Members will please take notice and be present. Visiting brothers are extended an invitation to meet with us at any of our meetings.

A. I. U.

Newark Chapter, No. 24, A. I. U., met in regular session, Thursday evening with a good attendance. Two new applications and one by transfer from the Mt. Vernon chapter were presented. Two candidates were given the obligation. The initiatory work was omitted to give time for a musical and literary program and lunch given by the ladies of the chapter. The numbers were all splendid and unique in many parts. The evening's entertainment closed with a dancing party until a late hour. The following members of the Zanesville chapter were present: E. W. Thompson and wife, J. A. Stout and wife, Thomas Vogel and wife, Miss Cora Tom, and Messrs. Lawrence McBride, W. L. Jones and Fred Ray.

Home Guards.

Home Guards met in regular session last Wednesday night with a fine attendance. We have new members coming in every meeting night. There was one initiation and two applications were voted on last meeting night. Our Deputies D. G. Baughman and Jonathan Moore are hustlers. If any of the members know of any prospects for new members and will phone to either of these deputies they will go at any time to call on them.

Woman's Loyal Moose Circle.

The Woman's Loyal Moose Circle had a very interesting meeting last Tuesday evening with a good attendance. The circle is progressing very nicely and very anxious to have the wives, daughters, mothers and sisters of all Loyal Moose join them in the good work they have begun. The circle meets every Tuesday evening at the Loyal Moose hall.

The circle will give a supper party on next Tuesday evening, January 26, to which all Loyal Moose are invited to bring their wives, daughters, mothers, sisters, sweethearts and friends. Everybody will be welcome.

Loyal Order of Moose.

The meeting last Thursday evening was a veritable "get-together meeting" and on Saturday, George Hamilton, an important official for larger attendance, opened up a discussion that was very fruitful and brought his results. A committee was appointed consisting of Charles Miller and Dr. Baker, an amusement committee, and they are expected to furnish a program of our own talent to make the program for the next meeting.

Brother J. H. Smith was presented a committee to organize a degree team. Brother Smith asks that all young men

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine at any drug store, pour a little in your hand and rub well into the scalp. After a few applications all dandruff disappears and the hair stops coming out.

who will volunteer to become members of the team to report to him at once.

J. C. McFarland was appointed deputy supreme dictator. More power to you, Ma.

Brothers Davis and Brown of Toledo lodge, were visitors, Thursday night, and each made a talk on the good of the order.

The officers are to meet each second Wednesday evening of each month to discuss the business in order that the business session will not occupy so much time and more can be given to the social session. Brother Kuster came across with some good suggestions for the good of the order.

Our comedian, Dr. Baker, was absent, so the recreation of all present, for the better always amputates a smile from his face whenever he "relates," and his right hand bower, Dr. Cosner, came in, in time to say, amen.

Absolutely, January 21, is the last day of the open-charter. The charter fee will then be \$25.00.

Brother Girard from New York, our efficient deputy, orated with good effect and was received with applause.

The Irish-Jew was there with his knife and scales, looking for the pound of the pig. Don't miss the big initiation, the big fish-roast, Thursday evening at 7:30. Every candidate who has been balloted on should be present.

Anyone who wants to become a member, phone 1440 or 3300, and a deputy will call and see you. As the reporter angled among the brothers, after the session Thursday evening, he was attracted by Bob Durnes, speaking of a big time he and Brothers Charley Miller, Glard, McGonagle, Smith and Joe Kuster had, when they made up a party and—

with that he happened to look up and spy the scribe with writing pad and pen poised in the air of taking notes, and Bob abruptly changed the subject, and he humbly, gently and with faithfully kindness the little boys and girls are created at Mooseheart. As the reporter started away Bob said: "You want to look out for that guy. He'll put you in his paper."

Thursday night will be a gala affair. Joe and Charlie promise the best pig-coast ever. Every member is urged to be present and see their friends ride the goat.

The following is the list of sick brothers, and members of Licking Lodge are requested to call on them and lighten their sufferings: W. C. Vogelmeier, 82 South Fourth street; J. L. Carter (address not known); John Davis, 100 Hoover street; Wm. Wein, 51 West Main; J. S. Rumbly, member of Detroit Lodge, No. 5 (address not known); Joe Sohn, Thornville; B. Baile, 261-2 West Church street; G. W. Roller, South Second street; Frank Bridgeman, 180 Union street. Now, brothers, show your fraternal spirit and call on our sick brothers.

K. OF P.

Newark Lodge No. 13.

Newark Lodge, No. 13, K. of P., held their regular meeting on Thursday night with a large percentage of its members present. One application was balloted upon and accepted, and another was referred and referred to the committee on investigation. Interest is at high tension in No. 13, and if the brothers will only get busy and help boost for new members No. 13 will easily come, up to last year's record.

No candidates being present lodge closed early and a social session was held with the help of the new refreshment committee, who had prepared a lunch which showed that the chancellor commander had made no mistake in the ones he had appointed to take care of the inner-men.

This committee has promised that there will always be something doing in their line, so brothers come out and help swell the attendance.

On next Thursday evening there will be balloting and the page rank will be conferred on a class of candidates.

TURKISH REPORT

OF SUCCESSES IN THE CAUCASUS

(ASSOCIATED PRESS TELEGRAM) Constantinople, Jan. 23.—Via Amsterdam and London—An official communication regarding the fighting in the Caucasus has been issued by the Turkish government as follows:

"The Russian main forces, which failed in an attempt to encircle our left wing, have retreated before our counter attack. Our troops are now pursuing the enemy."

(Previous Russian and Turkish official communications have indicated that the latest fighting was around Kara-Urgan, in Transcaucasia, just over the Turkish border.)

Speaking of the fighting in Arabia, in the region of the Persian gulf, the Turkish communication continues:

"On Thursday the British forces, assisted by three gunboats attacked our troops near Kurra, situated at the junction of the Euphrates and Tigris rivers, but were completely defeated and forced to retreat with severe losses, while our losses were insignificant."

A Moving Picture. Editor Advocate—I am going to do an unusual thing. Write you about a moving picture.

I occasionally attend the moving picture show, given at the Orpheum in Carlisle. Monday last was one of the days. The first picture of this entertainment was illustrative of "The Workman's Compensation Act," now operative in Ohio. It was entitled, "For the People." The plot: A young man seeking an election to the senate of Ohio; his canvass speeches to the people and pleading support of this bill; the opposition he meets and his temptation to oppose the bill. He decides to stand "for the people." We were shown the senate chamber in the capitol at Columbus; the young senator advocating the passage of the bill; its being voted on and carried and he is congratulated. Then—and this is where I wanted to cheer or in some way express my enthusiasm—there was thrown on the screen these words: "Governor Cox of Ohio." And we were shown the late grand Democratic governor in the act of signing the bill. Very few in the house. I am sure understood the film. It showed all the workings of the act. The laborer at work is injured in an accident; removed to his home; despair of wife and children deprived of his support; the relief afforded by this act. I am told the bill was defeated here in Pennsylvania. This one good work makes me proud of Ohio. I am a property owner and taxpayer of Newark and claim no other home. The scenes for this picture were taken in the capitol at Columbus. I have not noticed any mention of this film being shown in the "movies" at Newark. It is an inspiration. Respectfully yours, Mrs. A. B. McDonald, 117 West High street, Carlisle, Pa.

RESINOL STOPS SKIN TORMENTS

How This Wonderful Ointment Ends Itching and Heals Skin Eruptions.

The soothing, healing medication in Resinol Ointment and Resinol Soap penetrates every tiny pore of the skin, clears it of impurities, and stops itching instantly. Resinol speedily heals eczema, rashes, ringworm, and other eruptions, and clears away disfiguring pimples and blackheads, when other treatments prove a waste of time and money.

Resinol is not an experiment. It is a doctor's prescription which proved so wonderfully successful for skin troubles that it has been used by other doctors all over the country for more than eighteen years.

No other treatment for the skin now before the public can show such a record of professional approval. Every druggist sells Resinol Ointment (50c. and \$1), and Resinol Soap (25c.), but for trial size, free, write to Dept. K.K., Resinol, Baltimore, Md. Look for the blue package and avoid worthless "substitutes."

God's ideal for us is not to run a place of entertainment, or a social club but a life saving station if interested in this work come to the "Church That Gives You The Glad Hand."

Pine Street C. U. Church.

E. T. Benton, pastor. Sunday school at 9:30, Chas. Scott, superintendent. Preaching at 10:30. Christian Endeavor at 6. Preaching in the evening at 7. Having closed my revival at Carmel I will be with you in both services. We extend a cordial invitation to one and all.

Second Presbyterian.

Morning 9:15 Bible school. 10:30 public worship. Sermon subject, "Spiritual Discernment." Evening 7. Public worship. Sermon subject, "Christian Knighthood." 8 o'clock Young People's Society of Christian Endeavor. You will receive a cordial welcome to these services.

Maple Ave. Christian Union.

Sunday school at 9:30 a. m. Mrs. Jennie Showman, superintendent. Preaching 10:30 a. m. and 7:00 p. m. by Evangelist West. Christian Union Juniors meet at 2:00 p. m. Miss Lena Woodard leader. The Revival meetings are still increasing in interest and attendance. The Evangelist is uncovering sin and showing it up in all its hideousness. While he is not moving the multitude toward him, because of his declarations of truth, he is hitting sin at such angles that the sinner cannot hide, and the work being done will prove more lasting and effective than the sensational and enthusiastic kind of evangelism. Don't miss hearing him. W. H. Baker, pastor.

North End Baptist Mission.

The usual Sunday school at 2:30 p. m. followed by the testimony meeting at 3:30. We begin a two weeks series of Evangelistic meetings this Sunday evening, Jan. 24. The Sunday meetings begin at 6 p. m. but the mid-week services will begin at 6:45 p. m. Song service and 7 o'clock (Standard) preaching service. There will be no services on Friday nor Saturday evenings. Sunday evening, sermon by Rev. Geo. C. Ewart. Topic—"What It Costs to Bring a Soul to Jesus." Mr. Robert Gilmore will assist at the song service with the violin, and as often during the other meetings as he can come. Monday evening. Song service at 6:45 p. m. Sermon by Rev. Asa R. Hill. It may be interesting to know that Rev. Mr. Hill is an Indian. (Full blood) and is a student at Denison. Come out and hear a good Gospel sermon from an Indian. Tuesday evening. Sermon by Rev. Wesley Yates of Denison. Wednesday evening. Sermon by S. S. secretary of Licking county, Mr. Lloyd Anderson. Thursday evening. Sermon by Rev. S. W. Hamblen, missionary to Japan, home on furlough.

Beginning Sunday evening, Jan. 24th, there will be held a two weeks meeting. A gospel song service and preaching each evening. Meetings will be held each evening except Friday and Saturdays. The two Sunday evening meetings will begin at 6 o'clock (Standard) but the midweek meetings will begin at 7 o'clock with the song service at 6:45 p. m. The preaching to begin at 7 o'clock promptly and the testimony and praise services will follow the preaching. Come prepared to testify and pray down a rich spiritual blessing on the meetings.

First Week Speakers.

Sunday evening at 6 p. m. Jan. 24. Rev. Geo. C. Ewart will open the meetings assisted by his helpers and

the violin played by Bob Gilmore. Monday evening, Jan. 25th Rev. Mr. Hill (The Indian) will preach for us. Tuesday evening Jan. 26th, preaching by Rev. Wesley Yates. Wednesday evening, Jan. 27th, preaching by S. S. Sec. Lloyd Anderson. Thursday evening, Jan. 28, preaching by Rev. Mr. Hamblen, (missionary).

Second Week Speakers.

Sunday evening at 6 o'clock, preaching by Mr. Clarence L. Beachler. Monday evening at 7 p. m. Rev. William Hopkins. Song service at 6:45 p. m. Tuesday evening at 7 p. m. by Mr. Jordan of Denison University. Wednesday evening at 7 p. m. preaching by Mr. Bernard Adams of Denison University. Thursday evening at 7 p. m. Preaching by Mr. J. B. Tannehill, Granville, O.

Rev. George C. Ewart and Mr. Clarence L. Beachler will have charge of all these meetings and we expect Bob Gilmore and his violin as often as he can spare the time to come down and play for us. These meetings are meant to reach all the people in the north end of Newark, and regardless of denominational lines, we wish your presence and we will give you opportunity to testify and pray at these meetings. Let us make these meetings the best that can be held, by your presence and your prayers. Every one made welcome.

The Ideal Church.

In the February Woman's Home Companion, the Rev. Charles Stelzel, superintendent of the Bureau of Social Service of the Presbyterian Board of Home Missions, writes an interesting article entitled, "Making the Church Do Real Work." It is a practical talk on the business of the church and how the church can best accomplish the purpose for which it was organized. Dr. Stelzel makes the point that the cost of salvation in some churches is too high. He does not refer to the money cost of producing converts, but he refers to the inefficiency of many churches and to the poor service they perform to their communities. Following is an extract from his article.

"The way to discover whether or not a particular enterprise is efficient is to find out the purpose for which it was organized. What, then, is the business of the church? What is it trying to accomplish? Some think that it is simply to 'build up the saints in their most holy faith.' But this is not the whole truth. It is an important part of the church's work to care for the saints, but really, some of the saints have been richly fed for so long a time, and they have exercised so little, that they are suffering from religious dyspepsia and ecclesiastical sour.

"There are very specific scriptural commands to this effect: 'Go out into the highways and hedges and compel them to come in' is one. Here's another: 'Go ye into all the world and preach the gospel to every creature. Let's settle it that the best kind of a church member is the one who is

(WRITTEN FOR THE ADVOCATE BY JAMES R. HOPLEY.)

Your Help is Needed---It is Time to Be Busy

How much we might do if we only knew our abilities!

Men hesitate because they fear they might not be able to accomplish that which might be expected of them.

Church organizations are hampered because members fail to grasp opportunities; fearing the failure which indecision insures.

The greatest difficulty is that men hesitate when they should really go forward; they wait when they should really act.

Church organizations are filled with men who doubt their own abilities and seem to fear to trust the Higher Power.

Now is a splendid time for action; a splendid opportunity for organization; an excellent chance for men of ideas.

A purposeful man, associated with others of purpose and ability, will do much to bring the great good all are anxious to see.

It is the spirit of the organization that makes a church strong, strong men associated with other strong men cannot fail.

Was last year the best year we ever had? This year will prove a better year if we use with wisdom the experience to guide us in the work we do, and if we give to our future efforts the judgment with which the experience of the past has endowed us.

"For God hath not Given Us the Spirit of Fear; but of Power, and of Love, and of a Sound Mind"

The man who never starts in good work will never do any good.

The one who hesitates; doubting, fearing, wishing or even hoping, will not do what he might to improve conditions.

No well-balanced man will fear the results of his efforts.

No man of sound mind will hesitate about taking hold, and lifting at the big load which, if properly pushed, will clear the way for progress.

There are beginners of today who will be efficient workers tomorrow; but they are the ones who are striving now to do and daring now to act, who will be the leaders of next year.

"Let us then be up and doing, with a heart for any task."

Take hold where help is needed; push where others are struggling; act because there is need of action.

Those who cannot be leaders owe themselves the privilege of helping the leaders; in seconding the efforts of those who are leaders.

In every church of this community there is a place for every one who is willing to do even a small portion of good work.

Any church wants any one who will help; any idea which gives a better chance of winning men will be gladly accepted.

The time is ripe; you are the needed one; get in line!

more concerned about the soul of his brother or sister than he is about his own.

"Somebody once said to Canon Wilberforce: 'How is it about your soul?' And the great man replied, 'I've been so busy trying to help these poor slaves that I forgot I had a soul.' No doubt he was nearer the 'kingdom of heaven' than the zealot who asked the question.

"A church in an Eastern city has this inscription carved in the stone arch over its front entrance: THIS CHURCH IS CONDUCTED FOR THE BENEFIT OF THE PEOPLE OUTSIDE. "There's the idea—the church is simply a means to an end, not an end in itself. We must talk less about building up the church and more about building up the people."

Y W C A NOTES

The reports of work made at the annual meeting last week give us much joy and cause for thanksgiving and encouragement, but while we are rejoicing over our blessings, we would not forget those in our city who need help and encouragement, and so the members of the Y. W. C. A. will give the Foreign Association Pageant at the High School Auditorium, Friday, Jan. 29, at 8:15, for sure this time.

The girls will be assisted by some of Newark's best local talent. The girls of the East Main Street United Brethren Christian Endeavor Society together with the Jolly Workers' Club and some High School girls, form the American chorus.

The pageant presents in an impressive way the work of the association in China, India, South America and Japan, through gymnasium and commercial classes, councils and summer conferences.

The four Martin sisters, who take the leading parts in the Chinese section, are fine, entering into the spirit—the spirit of service—of the little scene splendidly. Part of the Saturday morning Gym class form the Chinese Gym class, giving a dumb bell drill.

Some members of the Whip-Poor-Will Camp Fire make very good child widows of India, while Miss Alice Riggs portrays well the Indian mother, left a widow with only two girls to care for her, and as an Indian woman can enter the business world without losing social caste, it is a problem to know how to live. The association secretary, Miss Mary Owen, helps them to solve this problem. Mrs. Copeland and Ethel Dougherty are very ambitious and faithful daughters.

Miss Juliette Besuden is "charmant" as the French girl seeking a position of the association secretary in Buenos Aires, while Miss Louise Africa is inimitable as Miss Cholmondeley, the excited English girl, whose fiancé fails to meet her upon her arrival in Buenos Aires. Miss

Eva Jones, as the assistant secretary, brings her to the association with her "sewing machine, her bath, her whole trousseau, two boxes of silver, three boxes of linen, besides Wee-jee's basket and bath." She is very indignant when the customs officer inquires for Wee-jee's banquet table. Miss Maude Moats impersonates very cleverly the independent American girl, who thinks she is safe anywhere so long as she keeps a level head, and Miss Rickert is a very wise and tactful general secretary. The five Argentine girls living in the association boarding home are happily portrayed by Misses Emma and Charlotte Reynard, May Hoover, Lida Garston and Edith Partridge.

The Japanese girls make a pretty picture in their attractive out-of-doors setting, with a cherry blossom arbor in the background. There is much giggling and fluttering of fans over the game they are playing when the curtain rises. Miss Mary Alice Smith as Kita San, a Christian girl, tells Onea San, non-Christian (Miss Elizabeth Owen), how the wonderful lady of the association came into her life, bringing "the life more abundant" to her. It is a beautiful scene, with a dozen or more girls gaily dressed in Japanese kimonos.

The prologue, given by Mrs. Bert Crawford, and the epilogue, by Mary Elizabeth Fuller as the Association Spirit, and the 16 High School girls, representing four foreign cities, appealing to her for help, are not the least attractive parts of the program, but together with the chorus sung by the natives of preceding sections of program and the American chorus, make an impression not soon to be forgotten by those who witness it.

We association workers realize that this week end is full of good things, and ask that you be loyal to the association girls who have been so faithful in practice and deserve your patronage. The cause is also a worthy one—to aid unemployed girls of our city. It will be worth your while to see it—you know that you were sorry that you did not see the beautiful Federation Services—leave no place for regrets this time. Tickets are only 15 cents. Save your picture show pennies and give them to the girls.

The Ivy Bible Class, which meets Tuesday evenings at 7:30, has an enrollment of 26, with an average attendance of 20. The next lesson is on Deborah. Visitors are welcome. The name is derived from the teachers' (Mrs. J. B. Jones) name, Ida Virginia, Ida meaning Godlike, and Virginia, virgin, thus including motto in the name which seems very appropriate for a Bible class.

There will be a general membership campaign the first week in February, the beginning of the new semester, and if your membership has elapsed be ready to renew, for we need your loyalty to aid in the big work we want to do this year. We would like five hundred new members, too.

The Japanese girls are Mrs. Edith Parker, Misses Della Davis, Mary and

Minnie Sturman, Laura Andrews, Elsie Rowe, Gladys Colter, Josephine Festner, Della Adams, Marie Sinn, and Vaida Bowers. Mayme Vaughn is the American secretary.

Y. M. C. A. NOTES

The Builders' Exchange met in the building Tuesday night for their regular meeting. The Ministerial Association also met in the building in regular session Monday morning. Ten of the Junior Boys volunteered their services to act as guides upon the arrival of the delegates to the Women's Federation of Clubs convention Thursday evening.

Prof. H. J. Dickerson, who rooms in the building, is spending a few days at Athens, visiting O. U. friends. Through the courtesy of the Philadelphia Evening Telegram, we are in daily receipt of this paper for our reading rack. It contains a full report of the Sunday campaign in that city.

A. H. Lichty, state secretary of Columbus, spent part of Tuesday in town, visiting the local association. The Junior Boys' Bible Class was well attended last Tuesday night. A picture was taken after the supper and lesson. There were 21 present.

Dr. Peter Roberts of the International Committee, who spent last Saturday in Newark, met with a class of foreign men in Taylor Hall Saturday night. He gave them a short talk and taught them a lesson from the chart and book of which he is the author.

Harry Benthich, popular member of the Senior Class, who has been on the sick list since last Friday, is now able to be out again.

The bowling alleys still continue to be a popular place with the boys and men. For the week ending on Jan. 28, "Red" Potter gets the ribbon for the highest score.

The Y. M. C. A. team will go to Mt. Vernon Wednesday night to meet the Y. M. C. A. team of that place. A good game is expected and the boys look forward to a pleasant time with the fellows of the Mt. Vernon association.

Next Friday, Jan. 29, at 6 p. m., the Senior Gymnasium Class will have its second banquet in the Y. M. C. A. rooms. Rev. Don D. Talis will speak on a good live subject. We want every member of the class to enjoy the social time and the talk.

Saturday night the second game between the class teams will occur. The Phi Tap-a-Kegs play the Tigers at 8:15. At 6:30 the Leaders' Class will meet, and at 7:30 comes the high jump contest.

Midwinter Advertising.

January and February are a period when the public looks through the newspaper advertising with keen attention.

A great many people have formed a regular habit of delaying purchases until this time of year. They know that most merchants will give unusually good bargains in mid-winter to save carrying goods over until another year. A merchant that does not get into line and tell the public through the newspapers what he is doing at this time of year will find his trade very slack. But a simple statement of the good values that can now be found in almost any enterprising store will be read with eager interest. The store will find that it is doing an excellent business even at a dull period.

Goods can't be moved unless the public is told about them. A customer may go by the store every day in the week. But if she does not know that inside back on those shelves is just the bargain that would appeal to her, the goods might just as well be in Jericho. She goes home, picks up the newspaper, reads about the special value offered in some other store, and on her next trip hunts out the place that had the enterprise to seek her patronage.

The merchant who does not advertise pays a high price for the money saved. Goods grow more unseasonable the longer they stay in a store. The proprietor is getting no profit on them to pay his fixed charges. Rent, interest, taxes, light and heat, and clerk hire expenses are running along every day, and must be paid. The only way to pay them is to keep the goods moving.

Goods held over until another season are apt to become so shopworn or out of style that they have to be sold for a song. Goods well advertised and sold during the season for which they are bought go at a fairly good price, and help the merchant close his season without loss.

Spirit of the Press

Price of Wheat.
President Wilson has directed Attorney General Gregory to conduct an inquiry as to the reasons for the sharp advance in the price of wheat. In particular, the attorney general is asked to ascertain whether speculators are conspiring to inflate the price. There has been recently so much investigation without important results, that the public is inclined to scoff when there is mention of such a thing. But there will be no scoffing at this action. When, for instance, the New York Sun with entire seriousness says that wheat "may easily go to \$5 a bushel in the next few years, in the opinion of many grain experts," it is in order to find out, so the public may know what basis the "experts"—"speculators"—is their other name—have for such opinion, and whether it is the kind of a basis that anyone should be permitted to have. —Albany Journal.

Buying Copper.
Russia not normally a buyer of American copper, is now buying the metal here on such a scale as to send the price up. The profound philosophers of the metal market have a strong suspicion that Russia is buying for war purposes. It is not unlikely, and considering the enormous amounts of copper needed by all the belligerents, we would suggest that if the allies are apprehensive that American copper will reach Germany and Austria, they buy the entire American surplus. —Philadelphia Record.

Uncle Joe's Creed.
It must grieve Uncle Joe Cannon to hear that many loyal Republicans in his district are on the point of confessing that they bought and sold votes at the recent election. One of the great moral ideas with which the ex-speaker began business about 60 years ago was that all ballot-box stuffers and horse-thieves were Democrats. —New York World.

Colonel's "If."
Mr. Roosevelt declares that if the United States had had an intelligent and resolute president and secretary of state they would have protested against the German invasion of Belgium, the Japanese capture of Kiao-chow, the sinking of the Kaiser Wilhelm der Grosse and the sowing of mines in the open sea. Mr. Roosevelt, owing to his native modesty, does not exactly say where the States could find this hypothetical intelligent and resolute person, but one is permitted to guess and to feel sure that were he in office and a vote could be caught thereby, he would denounce the transit of Mercury or the precession of the equinoxes with equal intelligence and resolution. —London Outlook.

Egyptian Outlook.
Egypt—"The country like no other"—is notable for stately women and dirty-looking children. In the fashionable parts you may still see the well-groomed mother followed by her apparently neglected offspring—often perfect tatterdemaldons. By making them outwardly unattractive so as to excite neither admiration nor envy, the Egyptian mother hopes to protect her little ones from the malign influence of the "evil eye." Boys are said to arouse more envy than girls, and for that reason are often disguised in their sisters' garments. And when the influence of evil spirits is suspected the mother fumigates her child with the ashes of alum and salt. —London Chronicle.

Feeding the Birds.
We have boarders at our house. They occupy the cherry tree that is close to the window where we write. They don't sleep there, but come there for their meals and to gossip. The English sparrows are always there in the morning when we look out, and they are ready for their breakfast, too, which is spread in the walk, under the arbor, and consists of broken bits of soaked crust.

At about 9 o'clock a pair of red birds come and lounge happily in the sitting room of this tree, now and then fluttering down to a breakfast of cantaloupe seeds, saved up from last summer. Soon after the arrival of the red birds, the blue jays appear, a pair up to yesterday, when four came. They have been getting a breakfast of suet, two chunks of which were tied to limbs of the tree. They are very fond of suet pudding, as are the red birds and sparrows, but they don't care for the cantaloupe seeds. Now they have all flown, except a male red bird, sitting on a top limb, thinking. We will give our whole house, if we could know what he is thinking about. We would then write a book that would outlast Henson. But possibly he is not thinking—only waiting for more suet pudding. —Ohio State Journal.

THE ICY WALK.

I slipped and fell; you heard me yell, you heard me scream like thunder, as I fell flat and spoiled my hat, and broke the sidewalk under. I lie in bed with poulticed head, and legs done up in plaster, and all the day I roast the jay who caused that dire disaster. He knew the glare of ice was there, and yet he strewed no ashes; I score his gall, and use up all the asterisks and dashes.

An easy thing it is to fling some ashes on the planking; do that, and then the sons of men your kindness will be thanking. But those who slip and break a hip or sprain a neck or ankle, on naked ice, will not act nice; the words they use will rankle. The thoughtful act that's born of tact is like a benediction; it takes the smart from troubled hearts, and lessens grief and friction. The kindly deed will for you plead when from this world you've skated: the little things will give you wings, when you're at last translated.

Growth of Federal Power a Menace to Doctrine of State Rights

By CHAMP CLARK, Speaker of the House of Representatives

TO those who, having eyes, see and, having ears, hear it is clear as crystal that the tendency in this country for several years has been to concentrate all governmental functions in Washington.

Our dual system of government—state and national—is an involved system, in many respects a system in conflict with itself. The makers of the constitution were perhaps the wisest set of men ever assembled under one roof. They thought that the general government should be clothed with powers sufficient for dealing with foreign nations and for control in those matters in which we are interested as a nation, but they believed that the state governments were the most competent instrumentalities for the exercise of local functions.

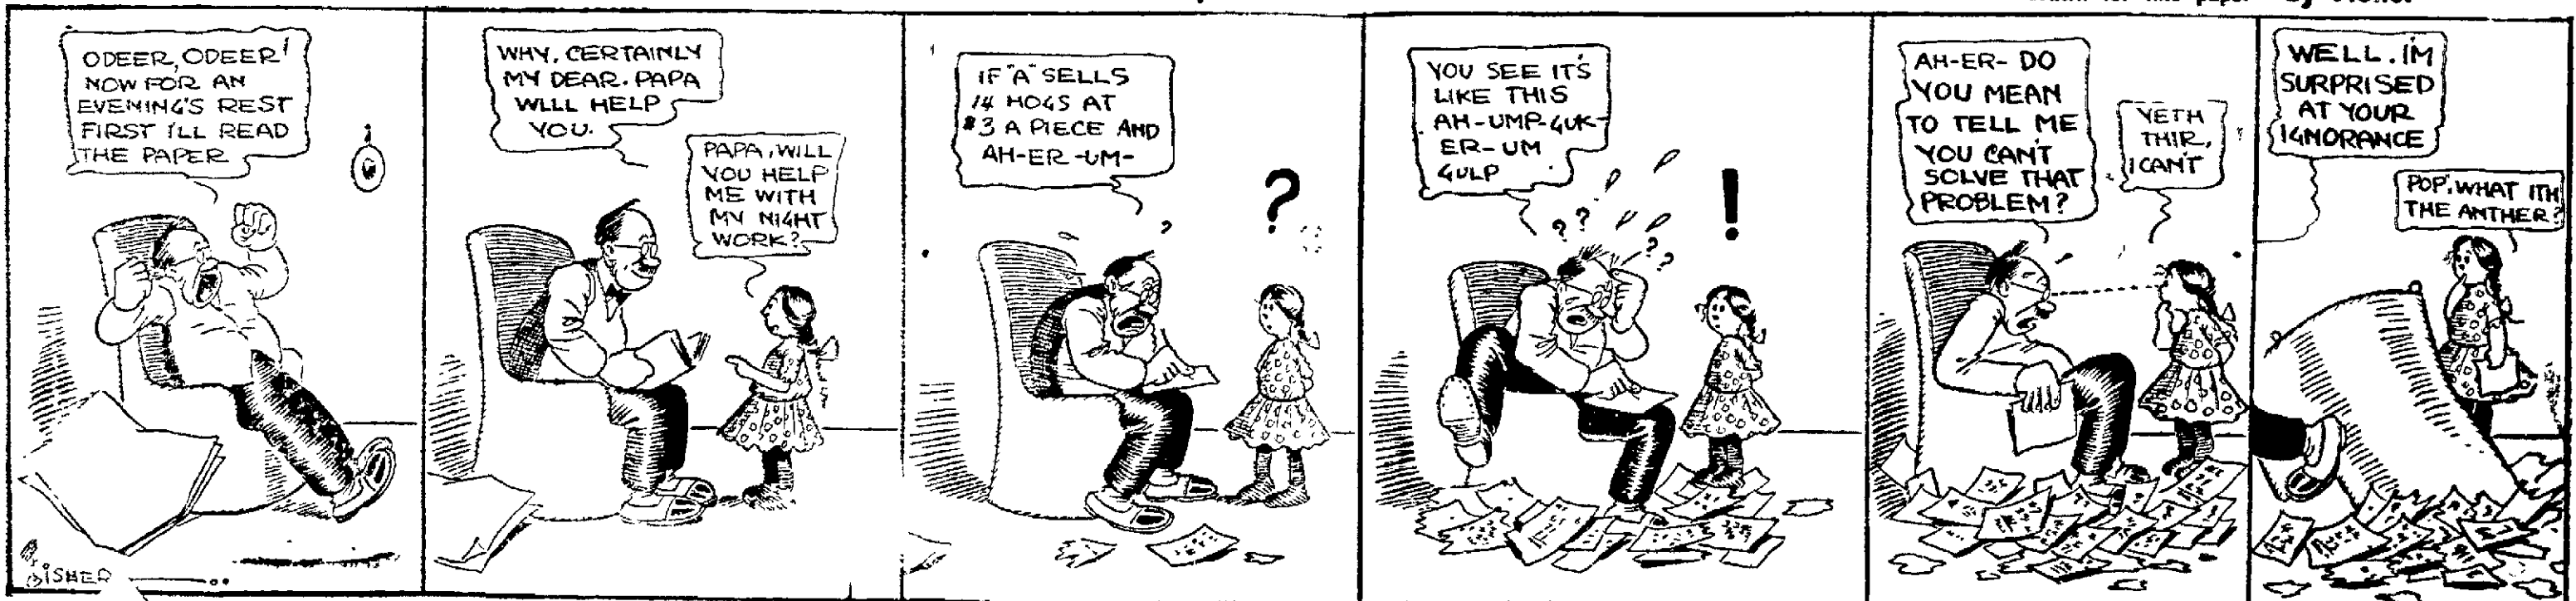

LITTLE BY LITTLE, HOWEVER, THE FEDERAL GOVERNMENT IS TAKING OVER MANY OF THE FUNCTIONS FORMERLY REGARDED AS BELONGING TO THE STATES.

Some of the reasons for this tendency to have the federal government do all things are not far to seek.

BUT OF ALL THE CAUSES WHICH TEND TO CENTRALIZE ALL FUNCTIONS OF GOVERNMENT IN WASHINGTON THE FACT THAT THE STATE GOVERNMENTS HAVE PRACTICALLY ABDICATED MANY OF THEIR FUNCTIONS HEADS THE LIST. NUMEROUS THINGS THAT THE STATES OUGHT TO DO ARE NOT DONE BY THEM, BUT ARE PASSED ON TO THE FEDERAL GOVERNMENT.

FOUNDER OF BARBERTON DIES HERE

CHAS. S. FERGUSON, NATIVE OF NEWARK, TRUSTED EMPLOYEE OF DIAMOND MATCH CO.

In 1890 the Deceased Erected the First House in What Is Now a Thriving City.

Chas. S. Ferguson, 63 years old, manager of the Chico, Cal., plant of The Diamond Match company, died Friday afternoon at 1:15 o'clock at the City hospital, where he had been a patient for just eight days. The cause of his death has not been determined. An autopsy held Friday night by Drs. Lewis, Evans and Rank was for the purpose of determining the cause, but no announcement has been made as to what was discovered by the physicians.

Mr. Ferguson had been in failing health for more than a year. In December, 1913, the company granted him a leave of absence in which to recover his health. While his wife and family he came to Newark last July, but grew gradually worse until his death came yesterday at the hospital. He was born in Newark, March 30, 1852, being the son of Shadrack Ferguson and Mary Miller Ferguson. He received a common school education here and after reaching young manhood, he went to Akron in 1876, where he secured a position with The Diamond Match company.

By faithful attention to his duties he won the confidence and esteem of his employers, so when it was determined to erect the great factory at Barberton, Mr. Ferguson was placed in charge of the work. He erected the first building in what is now the city of Barberton, in 1890.

He remained in charge of this work until 1895, when he was sent by the same company to England to take charge of the construction of a new plant there. So well did he look after the interests of his employers that he became their traveling construction superintendent, and in this capacity he visited many countries, establishing new factories. He was for several years in charge of work of this character in South America, building factories in Chili and Peru.

In January, 1906, he was sent to California, where he established a monster plant at Chico. He was made manager of this plant and remained there until a year ago in December, when his ill health made it necessary for him to give up his work, as he thought, temporarily. At the time of his death he was the oldest employee of the company in years of service, and was one of the most valued of the many experts associated with the company. He had made a special study of the composition used in match-heads and it was due to his improvement of the formulas that the product of his company was kept in the lead.

Modest in the extreme, thoroughly democratic in his associations with his fellow employees, he was highly respected and much beloved by all those whom he came in contact. At Christmas time he received cheerful greetings and good wishes from the factory employees in California and his widow received many telegrams of condolence today from representatives of the company in New York and in California.

He was married in Newark in 1880, to Mary Bailey, formerly of Zanesville, but who spent her girlhood in Newark. To this union three children were born. They were: Louise Ferguson, who lived at home; Lattie, who died eighteen years ago; and Robert Ferguson, at the home.

Besides the two children, he is survived by his widow and the following brothers and sisters: Benjamin Ferguson of Barberton, Mrs. Ed Holstein of Palmerton, Pa., and a half-sister, Mrs. William Grasser of Columbus, Levi and Harvey Ferguson, formerly of Newark, now deceased, were half-brothers of Mr. Ferguson.

Funeral services will be held Monday afternoon at 3 o'clock at his late home, 202 West Church street. Rev. P. H. Fry officiating. Burial in Cedar Hill cemetery.

PURE, RICH BLOOD MADE BY HOOD'S

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia.

"Made In America."

This gown, worn by a well known society woman, was made in America on plans of an American designer. She wore it recently at a social function at her home, and most of the women present who were good judges of clothes were taken with the gown of their hostess. In selecting the decorations for her entertainment she first considered her own gowning, including the suitability of certain colors to herself. Her choice fell upon yellow, and with yellow she arranged her drawing room, having flowers of yellow with backgrounds of green ferns and foliage, and here and there a cluster of white flowers entered into the arrangement.

Her lights were shaded with yellow, and with it all the effect achieved was as much like soft sunshine as could be got. All of her plans were so arranged as to set off to advantage herself and her gown—a veritable "Sunshine" gown.

First, a foundation of white golden-rod satin, gathered a bit about the waist, and with a wide tuck so placed as to simulate a deep hip yoke. The bodice of satin was laid in deep cross-wise tucks, and draped over this was gold colored daphne silk embroidered across the top with gold and white sequins in flower design. A straight shawl of daphne silk, sequin spangled, draped the shoulders, ending in a point at the back, which was heavily weighted with a tassel of beads.

Over the foundation skirt was draped a double tunic of gold embroidered daphne silk, the edges finished with deep scalloped bands of cloth of gold. Slippers of yellow satin were worn, with hose of silk—neither dyed nor bleached—but of the natural shade.

The Courts

Suit for Divorce.

Frank T. Lippincott has filed a petition in common pleas court asking that he be divorced from Myrtle L. Lippincott. He recites that they were married in Columbus, April 15, 1914, and that since then she has spent much of the time in Zanesville and Columbus, where she attended public dances and associated with other men; that she failed to do the household duties, washing, cooking, etc. That she left plaintiff December 28, 1914, taking with her a large quantity of bed clothing, tableware, etc.

Filles Cross Petition.

In the case of Minerva A. Wince vs. William F. Wince, an action for divorce, the defendant has filed an answer in which he admits the marriage but denies all other allegations, except that he has taken an occasional drink. In his petition he alleges that he never threatened to shoot the plaintiff but states that on the contrary she threatened to shoot him; that the plaintiff has left their home three times and that he is now maintaining the home and that at any time plaintiff desires to return she may do so.

Extra Jurors Drawn.

A number of the regular petit jurors heretofore drawn to serve for the January term being excused by the court for good cause shown the following extra jurors were drawn January 23, to serve for the balance of January term, said jurors to report Monday, January 27:

William Rowe, Bennington township.

Harry Burkham, Granville township.

Sherman B. Frisler, city.

C. H. Huber, city.

Wm. M. Shamp, city.

N. C. Sherburne, city.

Charles Barriek, Liberty township.

Receiver's Final Report.

In the case of Guy J. Derhick vs. Perry J. Brush et al., the receiver, Frank E. Slabaugh, has filed his final report. The report was confirmed by the court and distribution ordered.

Primitive Breadmaking.

The Arabs adhere to those ancestral principles of breadmaking which have been sanctioned by the experience of ages. The very first baker of bread that ever lived must have done his work exactly as the Arab does at this day. He takes some meal and holds it out in the hollow of his hands while his comrade pours over it a few drops of water. He then mashes up the moistened flour into a paste, pulls the lump of dough so made into small pieces and thrusts them into the embers. His way of baking exactly resembles the craft or mystery of roasting chestnuts as practiced by children. There is the same prudence and circumspection in choosing a good berth for the morsel, the same enterprise and valor in pulling it out with the fingers.—Kinglake's "Eothen."

The Days of Dogcart.

There are probably people still living who remember when dogs drew carts in England. These original dogcarts, which were suppressed by law in the middle of the last century, were largely used by costermongers and the humber members of the fancy for Sunday outings. The dogs employed were large animals, of mongrel breed, with a strain of the old English mastiff. A twenty or thirty mile run in and out was nothing to them, and they kept up their strength on the journey with a scanty allowance of bread soaked in beer.—London Mail.

A Talleyrand Retort.

The Duchess of Lauraguais, who was somewhat given to making poetry, could not think of a word to rhyme with coffee. Turning to Talleyrand, who chanced to be by her side, she said, "Prince, give me a rhyme to coffee." "Impossible, duchess," replied Talleyrand without a moment's delay, "for that which pertains to the head of a woman has neither rhyme nor reason."

Clever Woman.

She—Don't you think a woman is clever enough to do any work that a man can? He—She's smarter than that. Why, she's clever enough to make the man do the work and give her the benefit of it.—London Telegraph.

Rightly Occupied.

When men are rightly occupied their amusement grows out of their work as the color petals out of a fruiting flower.—John Ruskin.

New York's First Express Wagon.

"It was in 1841," said the oldest inhabitant, "that I was a witness to that wonderful event, the appearance on Broadway of the first express wagon. It was a one horse affair with a very white canvas cover, on which was painted conspicuously in very black letters the word 'Express.' The wagon made its way up and down the thoroughfare, to the wonder of beholders, who soon became curious to learn what it meant. Men came out of their stores and women leaned out of the windows to look at this ridiculous affair. People of that time were considered either lazy or proud who objected to carry home the purchases they made. A tale went the rounds that a woman customer of A. T. Stewart, the dry goods merchant, had required him to send home to her some insignificant purchase she had made at his store and that he had hired a dray to do it, sending the bill to her. In this he was considered entirely justified. Hitherto delivery of goods was made by any chance carrier who would go out of his way to get what was required to be brought home."—New York Sun.

A Matter of Tact.

Mr. Brown was in a bad temper, and, as Mrs. Brown knew, there was only one way of curing it—to rouse him thoroughly—for when miserable himself he always accused other people of being miserable. He did on this occasion.

"Jane," he grumped at last, "you're as dull as an old owl! Sulking, I suppose, because I refused to buy you that new hat."

"No," sighed his wife; "I wasn't thinking about it. As a matter of fact, I've been turning out some old letters, and—oh, it's nothing of importance, only a bit of the blues."

"What letters?"

"Love letters."

"Some I wrote to you, I suppose?"

"No," said his wife calmly, "some I received, before I'd met you. It's of no consequence—none at all. How is your cold?"—Exchange.

Grattan's Study of Oratory.

Professor Howard Marsh has just told the story of a lodger who complained of the "lunatic" above him who walked the floor all night talking to himself. The "lunatic" was John Bright preparing his speeches, and one recalls how Grattan in like circumstances concerned his landlady. "It was a sad thing," she used to lament, "to hear her young lodger talking half the night to somebody he called 'Mr. Speaker' when there was no speaker present but himself." Grattan's studies in the art of speaking, however, were not confined to the bedroom. He often walked in Windsor park addressing the oaks in parliamentary strain. And there is the story of the polite stranger who found him haranguing an "empty gibbet." "However did you get down?" he asked.—St. James' Gazette.

TWO GRATEFUL WOMEN WHO PRAISE PERUNA.

Had No Desire To Live. Peruna Is A Tonic and Strength Builder.

Tongue Cannot Express How I Suffered. I Would Not Do Without Peruna. I Thank You.

Mrs. Frank Stroebe, R. F. D. 1, Appleton, Wis. Her letter.

Miss Emelie A. Haberkorn, 2251 Gravois ave., St. Louis, Mo. writes: "For over two years I was troubled with catarrh of the internal organs. I heard of a free booklet, 'The Ills of Life.' I read it and wrote to the doctor, who answered my letter promptly. I began taking treatment as soon as possible. Tongue cannot express how I suffered with my stomach, and I also was troubled with catarrh of the head. I didn't feel like myself for a long time. So I began taking Peruna. I have taken four bottles, and now I cannot praise it enough. Any one who has chronic catarrh should write to the Medical Dept. of the Peruna Co., Columbus, Ohio. I feel grateful for what the doctor has done for me, and would not do without Peruna. I now enjoy as good health as ever. I find it has improved my health so much that I will recommend it to any one cheerfully."

reads: "I began using Peruna a few months ago when my health and strength were all gone, and I was nothing but a nervous wreck. Could not sleep, eat or rest properly, and felt no desire to live.

"Three bottles of Peruna made me look at life in a different light, as I began to regain my lost strength. While my recovery took nearly four months, at the end of that time I was better than I ever had been before. I had a splendid color and never weighed more in my life.

"I certainly think Peruna is without a rival as a tonic and strength builder, and it has my endorsement."

Mrs. Charles Brown, R. R. 4, box 79, Rogersville, Tenn., writes: "I have tried many different remedies, but have found that Peruna is the greatest tonic on earth, and a perfect system builder."

ARMY BILL GOES TO SENATE AFTER PASSING THE HOUSE

(ASSOCIATED PRESS TELEGRAM)

Washington, Jan. 23.—The army appropriation bill, carrying \$101,000,000 to provide for the running of the military establishment during the next fiscal year, went to the senate today from the house where it was passed without a roll call last night. The senate will refer the bill to its military affairs committee for report.

Despite efforts on the part of advocates to secure larger appropriations for strengthening the military army, they were unsuccessful and the bill went through the house with but few changes from the form in which it came from the military affairs committee.

FINANCE COMMITTEE OF CHARITIES BOARD DISCUSS MONEY PLANS

A meeting of the finance committee of the board of managers of the Associated Charities held its initial meeting Friday afternoon in the office, Room 14, Hibert & Schaus building to discuss ways and means of financing the work. Nothing definite was decided upon and it was determined to delay any action until after the public meeting which is to be held next Monday.

Volunteer helpers have been assisting in the work of investigating the applications for relief filed with the board of managers. Some have been found to be in great need of bare necessities. Through local business men, some help was supplied to the needy and in one case a woman badly in need of help was grateful when the board secured for her a place she could earn weekly sums doing small washings.

Mrs. Susie Connors of West Locust street has returned from Cincinnati, where she was called by the illness of her son Dale, who is in school there. He is greatly improved now.

TOLEDO NEWS-BEE FINED HEAVILY FOR CONTEMPT OF COURT

(ASSOCIATED PRESS TELEGRAM)

Toledo, O., Jan. 23.—The Toledo News-Bee was fined \$7500 and N. D. Cochran, editor, was fined \$200 by United States Judge Killits today on charges of contempt growing out of comments on Killits' conduct of the case involving the three cent all day ordinance.

"The News-Bee misrepresented the facts in the case that was before the court," Judge Killits said. The court held that the paper was guilty on three counts. The judge said that Mr. Cochran was only the instrument, although willing, of a big corporation.

New Corn Cure A Real Marvel

Guaranteed and Absolutely Painless.

A corn cure that is painless and that will really do the work has finally been discovered. Heretofore, the poor sufferer from corns has been pestered with "drawing" salves and plasters that swelled the corns and has had finally to gouge out his corn and inflict upon himself still greater pain. With Hall's Painless Corn Cure all pain ceases on the first application and then finally the corn comes right off easily and painlessly. You don't have to tie it out and run the risk of drawing blood, making your corns feel more sore or getting blood poisoning.

Hall's Painless Corn Cure is easier to use than any other; it takes a few seconds to apply it. It is guaranteed absolutely in every case. You must be satisfied or back goes your money.

Lasts longer than several packages of any other corn treatment and you are sure to get rid of corns and bunions. Sold at 25 cents a bottle at

ENGINEERS FOR RAILROADS CAN'T COME HERE MONDAY

City Solicitor Ralph Norpell Saturday morning received a telegram from a representative of the Pennsylvania railroad stating that it would be impossible for the engineers for the railroads to attend the conference with city officials here Monday. The city was a draft of a contract to be signed by both parties to the subway construction work, and it was stated that the railroad men would not have sufficient time to go over this contract in the short time allotted. The new date selected was February 1.

N. Y. Stock Exchange.
New York, Jan. 23.—Wall Street 10:30—Further selling was indicated by the course of today's early stock market, first change showing a preponderance of losses over gains. Chances either way in leading stocks were trivial, however. Mercantile Marine preferred and Wisconsin Central being the only issues to reflect marked heaviness. Missouri Pacific was again active at a lower level and the Pacific were mainly down, likewise the metal shares. Americans were again off in London, New York Central and Reading losing a point each, with Baltimore & Ohio showing a moderate gain.

The course of today's two-hour session of the stock market bore the familiar week-end aspect. Yesterday's selling of leading stocks, presumably for profits was renewed on a very moderate scale, total sales being far below recent averages. Recessions ranged from minor to substantial fractions in prominent issues

while western Maryland, Missouri Pacific and "So" lost 1 to 2 points. Among specialties and industrials there were declines of 1 to 3 1-2 points in American Tobacco, Bethlehem Steel, Mercantile Marine preferred, California Petroleum preferred and Western Union. The entire list steadied somewhat in the final dealings, reading leading the partial recovery. The closing was irregular.

Chicago Grain.
Chicago, Jan. 23.—Wheat developed fresh strength today influenced somewhat by reports that purchasing for the Pacific coast was being noticeably enlarged east of the Rockies. In addition, cash houses here agreed that rural offerings were light and that farmers gave no sign of any increased willingness to let go of reserve holdings. The opening which varied from 1-2c off to 1-4c advance, was followed by a moderate rise all around.

Corn hardened with wheat. There was talk of improved feeding demand. After opening a sixteenth lower to a like upturn, the market scored a general gain.

Oats shared in the firmness of other cereals. There was little pressure to sell.

Higher prices for hogs helped the bulls in provisions. Changes, however, were not wide.

(Associated Press Telegram)
Chicago, Jan. 23.—Butter: higher; creamery 23@30 1-2.

Eggs: higher; receipts 2,833 cases; at mark, cases included, 25@32; ordinary first 30@31; firsts 32 1-2. Potatoes: unchanged; receipts 18 cars.

BUSINESS IMPROVING.
(Special to The Advocate)

New York, Jan. 23.—Henry Clews, New York bank expert said today:

"The rise in confidence noted for some weeks past is already expressing itself in business improvement. Since reopening of the Stock Exchange values of active stocks have risen on an average of from 5 to 7 points, and in some cases the advance has been as much as 10 points and over. So far, the rise has been accomplished without any important realizing by foreign or domestic interests. The market shows a steady broadening of activity and gives every indication of a sound and healthy change for the better. Among the most encouraging elements have been the ease of money, the adjustment of credit to war conditions and the extraordinary expansion in our export trade."

THE SICK

Mrs. Effie Strocker, who has been suffering a slight attack of appendicitis at the home of her sister, Mrs. Harry Pease of the Avalon, is said to be improving very much and will soon be able to be removed to her home.

Mrs. Samuel McIntire of Stanberry street, who has been ill with chicken-pox, is slightly improved today and can take some nourishment. Mrs. McIntire is under the care of Dr. C. F. Leffert.

Mrs. Charles More is still confined to her home in Granville street by sickness.

Mrs. Gilbert Ruffey of 74 North Fifth street who has been ill for several days, was removed to the City Hospital Thursday in the Bazler & Bradley ambulance.

Mrs. E. C. Jones of Granville was taken to the City Hospital Thursday in the Bazler & Bradley ambulance. She has been a patient at the hospital three times in the past few months.

Weight of Air.

For instance, say the weight of a cubic foot of air at sea level is 1.209 grain, with the pressure removed, by its elevation to an altitude of 10,000 feet, its weight would be about the half of 1.209 grains. In other words, the cubic foot at ten or twelve thousand feet above the sea would expand to two cubic feet, each of about 550 grain weight.

Girl Workers in Japan.

The number of factory girls newly recruited every year in Japan is 200,000, of whom only 10,000 go home. The remaining 190,000 never return. They go from one factory to another or go into other occupations, never thinking of going home.—World of Labor.

The German war chest, according to the French papers, amounts to \$500,000,000, and the French war chest \$600,000,000.

1915 This year 1915 will be the greatest year in American business history. It may or may not be the most profitable year but it will be the greatest year because we must learn to stand on our own feet and walk without crutch, cane or the hand of a mother country. The support on which we leaned has been taken away by war and we have discovered that we can walk alone. Knowing the guide posts in the monthly Trade Report issued by this Bank may be a help in saving business missteps.

SHAUCK'S REAL ESTATE BULLETIN

Oven Franklin Bank

53 acres, 5 miles from Urbana, close to excellent and interurban, good pike, elevated land, but no buildings, will trade for any old thing. An excellent location on Granville street near Ninth with a six-room brick house and bath, that can be easily built to and made a magnificent home, with a lot 76 feet front by 180 feet deep, and at a price of \$1500.00, is certainly worth your consideration if you are looking for a first class location. Nine room, Oakwood avenue, easily arranged for two tenants, good repair, a bargain at \$3,000.00; this property too large for owner, and will consider trade for good small property in good rental district. And now, you fellows who are looking for a farm: 92 acres 3 1/2 miles from Newark, a little rolling, high state of cultivation, well watered and fenced, on pike, assessments but \$60.00, several hundred dollars worth of timber, \$800 to \$900 worth of hay to be cut this summer, all down in grass, worth \$1500 will make you \$2500 if you place buildings thereon, can be bought for \$8120 if you hurry. That is not all, you will kick yourself if you ever find it out, and you are not the purchaser.

The Supremacy of Verse.

Gray's "Elegy" was not much esteemed by its author, who in one of his letters said that "the public would have received it as well had it been written in prose." The poet was a poor critic, for the third line of the first stanza achieves the supremacy of verse. There can scarcely be another to equal it in English literature. "The plowman homeward plods his weary way." Now, that line is such a supreme verse that you may recite it this way and that and it is still as good as ever:

The weary plowman homeward plods his way.
Homeward the weary plowman plods his way.
Weary, the plowman homeward plods his way.
The plowman, weary, plods his homeward way.
Homeward the plowman plods his weary way.
The plowman plods his weary homeward way.

And so on. But if it is not poetry it is the supremacy of verse.—London Chronicle.

The Split Log Drag.

The split log is due to the ingenuity of a Missouri farmer, who, to improve the condition of the highway between his farm and the neighboring village, devised a rude contrivance to smooth the rough places and round up the surface from the ditch to the center so as to drain off the water. This device was most simple since it consisted of a log split into two equal parts, with a few braces between them and a chain by which the horses hauled the drag. It was tried after a rain when the road was soft, and it worked so well that its fame soon traveled far and wide. This was the beginning of the split log drag, the improved form of which any farmer can make in a short time. It has revolutionized the work of maintaining dirt roads, work which had always been expensive and ineffective.—Harper's Weekly.

Fried Salt Herring.

When Kipling wrote about east and west never meeting he might, with almost equal truth, have made it north and south. England and Scotland have their own national ideas, particularly about cookery, and they won't mix. North of the Tweed it is rare in the extreme to find a man or woman who will eat eels, and south of it haggis has never succeeded in making itself a popular dish. Then there is salt herring. I heard lately of an English lady resident in Glasgow who went home to London on a holiday, taking with her, as a distinctive Scottish delicacy, a keg of Loch Fyne herring. To please her the Londoners tried to eat them, boiled, as they ought to be. But it was no good. They wouldn't go down. So after that they had them fried, and I understand the keg was finished.—Glasgow News.

Where the Apostles Fished.

The abundance of fish in the sea of Galilee is to this day the wonder of travelers. Most of the fishing done by the Syrians involves the use of nets probably identical in construction with those of the apostles, and the best evidence of the fishing having through the centuries been done with nets is to be found in the ease with which most of the fish may be deceived with the help of any bait, natural or artificial. The pellicled water of this beautiful lake, with its ever changing reflections, is in striking contrast with the muddy depths of the Jordan, but the silt in that river, however unsightly to the eye, does not seem to inconvenience its fish, which are extraordinarily plentiful even in the lower reaches before it falls into that deathly lake which the Arabs call the sea of Lot.—London Outlook.

Michelangelo.

Michelangelo stood in the front rank both as painter and sculptor. In both arts he was worthy of the highest praise. The fresco of the "Last Judgment" in the Sistine chapel is considered the most wonderful picture in the world, showing the omnipotence of artistic science and the fiery daring of conception that but few other paintings can even approximate. In sculpture the "Moses" and the "Slaves" not to mention other pieces, rank among the finest creations of the art and proclaim Michelangelo to have been as masterful with his chisel as he was with his brush.—New York American.

The Scot Caddie.

Of the Scot caddie's contempt for lesser callings than the golfer's there are many examples. A professor—not a putter, but a Scot of equal eminence—was making a very poor show on the green. The caddie eyed him loftily and then sighed, "Aye, aye, professor, ye may be verra fine at the mathematics, but it takes a man of genuine abeility to be a golfer!"—Windsor Magazine.

A Girlish Scheme.

"Your daughter plays some very robust pieces."

"She's got a bean in the parlor."

"Growned Pa Womhat, and that loud music is to drown the sound of her mother washing the dishes."—Exchange.

Respect.

Teacher—Blumer, you may define the word "respect." Little Elmer—It's the feeling one kid has for another what can lick him.—Chicago News.

Likewise Last.

Nobody knows what was the first thing Adam said to Eve, but the chances are she spoke first.—Charleston News and Courier.

Fortune is not on the side of the fatal hearted.—Sophocles.

We become innocent when we are unfortunate.—La Fontaine.

WAYNE COLLIER

GIVEN THANKS
BY DIRECTORS

For Successful Management of Coal Properties—Biggest Production Year in Company's History.

The Pan-American Coal company, which is a Newark corporation, held its annual stockholders' meeting at the office of the Hamill Realty company on the east side of the square, Friday. The business of the company was discussed and plans formulated for extension of the mining operations of the company which is working four mines full time in two soft coal districts, south and southeast of Zanesville. The past seven months' coal production, since the strike in that territory was settled on the mine-run basis, have been the largest in coal production in the history of the company, of which the late Mr. W. N. Fulton was president up to the time of his death. H. L. Warner of the Victoria Coal company, was re-elected president; Mr. W. H. Warner, vice president; Mr. Louis P. Schaus, treasurer, and Mr. Wayne Collier, secretary and general manager, at a meeting of the board of directors, called after the meeting of the stockholders had adjourned. Mr. Collier was given a vote of thanks for the capable way in which he has handled the properties under the difficult conditions involved in working under the new Greene mine-run law. The Pan-American company has opened a new mine at Turkey Creek on the Toledo & Ohio Central Railway, which promises to develop into one of the best properties in the group, and closed leases for 330 acres of new coal, which will be taken out of the workings of the Sedalia mine. Mr. Warner, Mr. Schaus, Mr. Collier and Mr. Harry S. Fulton were directors present, and voting at the two meetings.

NEWARK POULTRY

MEN WIN PRIZES
AT MOUNT VERNON

A half dozen Newark poultrymen won many prizes in the annual poultry show at Mt. Vernon, which closes tonight. It was one of the largest shows ever held in that city, and the fact that there were many exhibitors in all classes, indicates that the Newark breeders have some high-class birds.

Jackson & Wilson, on their exhibit of Barred Rocks, won fifth on cock, third, fourth and fifth on cockerel; fifth on pullet and fifth on hen. There were eight exhibits in this class, more than fifty birds being entered.

C. W. Kent on his exhibit of Partridge Rocks, won first on cock, first, second and third on hen; first on pullet, cockerel and pen.

B. E. Kent on his exhibit of White Wyandottes, won second on cock, third on hen and second on cockerel.

W. E. Warrington on his exhibit of Silver-laced Wyandottes, won second on cockerel, first, second, third and fourth on pullet, and first on pen.

L. V. Billman of Newark, exhibited Rose Comb Rhode Island Reds, and won fourth on cockerel, second and third pullet, and fourth pen.

C. W. Kent, with his exhibit of Single-comb Buff Orpingtons, won first cockerel and fourth pullet. On his exhibit of Single-comb White Leghorns he won fourth pen. He shared honors with J. R. Gamble of Mt. Vernon, for a special cash prize for the most varieties exhibited by one breeder, each having three varieties in the show.

EVANGELIST SAYS

THEIR IS A HELL;
TRIES TO PROVE IT

"If a merchant is making his money by causing girl clerks to work for less than a living wage, expecting them to make the rest of the money on the side off of some gentleman friend, he ought to be buried so deep in hell that it would take a search warrant from the throne of Almighty God to find him."

This was one of the statements made by Evangelist F. W. Swift Friday night when he preached on the subject, "Is There a Hell?"

A large and appreciative audience heard Dr. Swift declare that there is a hell for all unbelievers, in the same way and with the same force that the evangelists and preachers of old have done.

"I do not care what you say, or what you think, the Bible says there is a hell, and I am going to believe it. You were born yesterday, trying hard to make a living today, die tomorrow, forgotten on the fourth day, and you are trying to set up your two-by-four piyayune idea. This old book has been here for 2000 years and it declares again and again there is a hell."

This was one of the strongest arguments used.

Subject tonight, "The Word Prayer Ever Offered." Sunday will be a great day at the Baptist church, Dr. Swift will speak to the Sunday school in the morning and preach at 10:30, Sunday afternoon at 2:30, and party for men only. Those under 18 not admitted. Subject will be "A Square Deal." This is for the men of Newark regardless of creed or church affiliation. The business men of the town are invited to attend and sit in a body.

Sunday night song service at 7 o'clock. The evangelist will preach on "Weighed by the Ten Commandments." Dr. Swift will speak straight from the shoulder on each one of the commandments.

Read Advocate Wants tonight.

New and Old Khedives of Egypt in the War

The statement from Geneva just published, that an old Khedive of Egypt is going to Berne to consult surgeons there for a wound in the jaw, brings to light the fact that he was shot some time during the troubles following his ousting from his throne by the British government after the Turkish entered the great war. The old Khedive lost his lot in Turkey, as a result Great Britain installed a new Khedive. The old Khedive was wounded by a bullet. It did not heal, and he has found it necessary to consult the best surgeons in Europe. This fact, it is stated, has caused the delay in an invasion of Egypt to recover his throne. That accounts for the stories that the Turks did not try to invade Egypt. It is stated that as soon as the old Khedive is physically fit he will lead an army into Egypt.

THE OHIO STATE TELEPHONE CO.

—the Consolidated Corporation of
Independent Ohio Telephone Properties

The unsold portion of this issue is now being offered in blocks of ten shares of preferred stock and three shares of common stock, each of the par value of \$100, for \$1,000 and accrued dividend on the preferred.

We Call Your Attention to the Following Particulars Which Make This Issue a Safe Investment

I. When The Ohio State Telephone Co. was organized, an actual reduction in capitalization took place. The capitalization of the new company, viz: \$23,116,200, is approximately \$4,200,000 less than the capitalization of the various constituent companies out of which the new company was formed; adding the \$2,000,000 of preferred stock issued with the formation of the company, the capital liabilities of the new company still remained approximately \$1,200,000 less than those of the original companies. From this additional capital the floating debt was paid, and ample new money became available for the making of improvements and extensions.

II. We wish also to call your attention again to the approval of the Public Utilities Commission of Ohio of the entire capitalization of the Ohio State Telephone Co., which we believe is deserving of your special notice, in the consideration of a public utility investment.

III. The average annual gross revenue of the properties comprising this Company for the past five years was more than \$2,000,000. In the same period, the average annual net earning applicable to dividend payment was \$441,064.19. We wish to call your attention to the fact that in the four months since the Ohio State was formed, August, September, October and November, the amount earned applicable to dividends is \$184,404.30, and according to the company's figures, \$101,349.84 was paid in dividends on preferred stock, thus leaving an unassigned balance of \$83,055.30. The net earnings for the four months is at the rate of \$553,212.90 per year.

IV. Through a long period of years, the constituent properties of the Ohio State Telephone Company demonstrated their ability to earn and pay their dividends, thereby differing markedly from a new or untried proposition.

V. The stock is non-taxable in Ohio and free from the normal Federal income Tax.

VI. The market on this stock will be state-wide as well as local, as it is to be listed in Cincinnati, Columbus, Toledo and Cleveland.

VII. As is well known, the management is in the hands of capable men, and it is reasonable to expect still greater earnings from the expenditure of \$2,350,000 for additions, improvements and extensions. This sum was provided by an issue of stocks and bonds now outstanding and the improvement work is being carried forward in the various cities where the company has properties.

VIII. The telephone in this country is the greatest of our industrial accomplishments, and is also the most modern. Since 1900 it has rapidly advanced as part of the daily life of man, woman and child. There are over 10,000,000 telephones in the United States today, and more new ones are being installed every year than there were in the entire nation fifteen years ago. As people conceive the vastness of this industry, they will also learn that both its future and the future of securities based upon it are only limited by the limit of human necessity.

IX. The Ohio State Telephone Co. now has 103,375 telephones and 30,000 miles of Long Distance lines. The company, organized by the consolidation of fifteen telephone companies, owns 64 local exchanges in Ohio, including systems in Cleveland, Columbus, Toledo, Dayton, Canton, Youngstown, Zanesville, Massillon, Washington, C.H., Fostoria, Findlay, Lancaster and London; in addition control of the People's Telephone Company of Akron has been acquired.
